

Paint Repair Technician Assistant

### **Position Description**

Assist the Paint Repair Technician with customer service and cosmetic automotive paint repairs for automobile dealerships and Cosmetic Automotive Repair Centers. Other duties include, but are not limited to:

- Prepare surfaces to be painted with power tools and work aids utilizing specific surface preparation techniques.
- Paint automotive surfaces using spray-painting equipment and painting techniques.
- Mix paint to specified color using standard formulas or color charts

In addition, you will be expected to partner with the Paint Technician to accomplish desired business results. The technician in this position is expected to exercise independent judgment in developing automotive paint touchup and repair programs, marketing plans, operational processes and development needs to all levels of the company.

This is an entry level position. However, Dealers Trim believes in training and promoting from within. You will be trained for future advancement to become a Mobile Paint Repair Technician.

### **Requirements**

The successful Paint Technician Assistant will have a High School Diploma or GED; experience in auto painting or prep is preferred, but not necessary. This person will be highly detail-oriented and have excellent organizational and time management skills.

- Other requirements include:
- Ability to develop customer relationships and provide high level of customer service
- Valid driver's license and good driving record
- Must follow all DOT regulation and be able to pass a DOT physical

### **Benefits Offered:**

Health, Dental, Vision, Simple IRA with employer matching  
Paid vacation

Paid Training Program
